

Learn English online - native speakers - IELTS

Экибастуз, Казахстан

I create a fun and safe online environment for both kids and adults to learn English. My goal is to help you become the best you can be. These classes will help you build confidence in speaking English and doing other skills such as writing, grammar and listening. My adult classes have new topics in every session such as travel, shopping, role plays, ordering at a restaurant, debates and off course we go into learning grammar and other challenges.

For children we do phonics, grammar, singing, videos, music and I use props.

I would like to get to know you and walk this road of learning English with you and help you grow from one level to the next.

Don't miss out on this exciting journey - see you in class.
